

Accessing KGV Desktop from home.

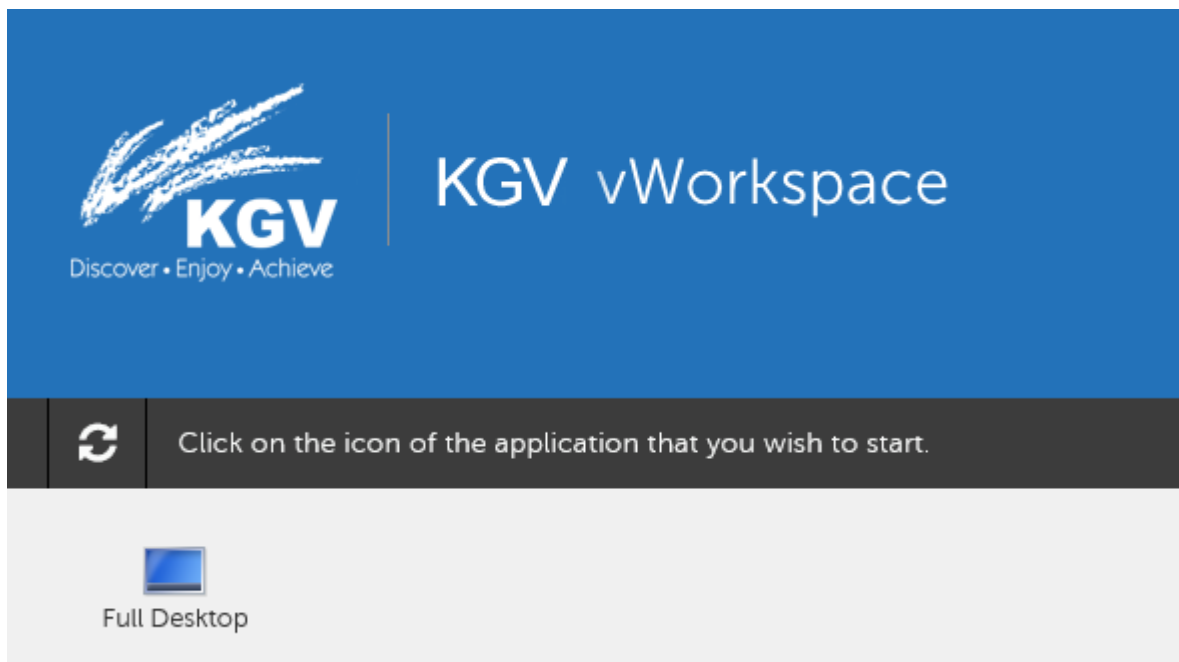

In your web browser go to <https://desktop.kgv.ac.uk>

You will be prompted for your college username and password. (This is the same as what you log in with each day)

Type in your username and password then click Login.

You will then be presented with one or more options.

Click "Full Desktop", this will open another window and log you into the college remote system.

You can use this system just like any onsite computer.

For further help and information please contact IT Services by email at itservices@kgv.ac.uk
